Dear Mr. Luby,

I am writing to offer the full support of the Arizona AFL-CIO and its 185,000 affiliated members in your dispute with the United Brotherhood of Carpenters and Joiners of America (UBC).

Pete King Construction is a partner with Labor in Arizona. They follow the rules, abide by the laws that govern them and treat their employees well.

It is unfortunate that the UBC has chosen a "strategy" of intimidation and smearing the name of Pete King Construction in order to try and influence workers who already rejected UBC's tactics in 2001.

The Arizona AFL-CIO has publicly condemned these tactics over and over and will continue to do so.

Fraternally,

Rebekah Friend

Executive Director/Secretary-Treasurer
Arizona AFL-CIO
